media guide

president's message

The International Netball Federation (INF) is delighted to welcome you to Auckland's wonderful Vector Arena and the first Fast5 Netball World Series.

We've built on the success of FastNet and the World Series held in England in 2009, 2010 and 2011, to create this new super-fast, super-competitive, evolution of netball. With just five on-court players in each team, and three goal scoring zones,

Fast5 is going to be challenging to play and thrilling to watch, and over three days the top six teams in the world will battle it out to take home the title of Series Champions.

This is an exciting time for netball - the world's most important women's team sport is growing, and gathering participants and supporters all over the world. We now have more than 70 affiliated national associations, and millions of players worldwide - in national teams, in clubs at every level from national leagues to the grassroots, and in schools, colleges and universities. Fast5 is part of our continuing campaign to win friends, recruit new players, and bring netball to an ever wider audience.

This event, part of our diverse INF International Events Calendar, is going to be awe-inspiring, with top quality competition and in a superb venue. We are grateful to the New Zealand Government and the City of Auckland for their help and support in making it

possible. Thanks also to our commercial sponsors, the volunteers, the staff, the officials from many countries, and to everyone who has worked so hard to make the event a success.

Good luck to the teams and thank you to all our netball fans - we hope you enjoy Fast5.

Honourable Molly Rhone OJ CD
PRESIDENT OF INF

mayoral message

Welcome to Auckland. I am delighted to say 'haere mai' to media visiting Auckland to cover the Fast5 Netball World Series.

Aucklanders are incredibly passionate about sport, and the city is proud to be the host of the Fast5 Netball World Series for the next three years.

Hosting Rugby World Cup 2011, along with the Volvo Ocean Race Auckland Stopover, Brother Rally New Zealand,

and last month's Barfoot & Thompson World Triathlon Grand Final, has helped to confirm Auckland as a world-class event destination.

Securing an enviable list of major events, including future highlights such as the 2017 World Masters Games, is a key component in delivering the city's ambitious economic transformation goals.

I am sure netball fans from around New Zealand will join Auckland's large netball community and overseas supporters in really getting behind the tournament. Together, they will turn Vector Arena into a maelstrom of noise and good-natured camaraderie.

The UK's successful three-year stint as inaugural host set the bar high. Auckland Tourism, Events and Economic Development (ATEED) has put in a huge amount of preparation to ensure Auckland can take the tournament to a new level.

We highly value the interest of visiting media, and the dedication of journalists who work around the clock to capture

the excitement and drama of the sporting stage for readers and viewers across the globe.

With 20 games in three days, I am sure you will have a busy time. But I hope you have a chance to discover Auckland is a vibrant and innovative multi-cultural city with a fabulous waterfront, museum and art gallery, an array of superb restaurants and shopping precincts – I personally recommend catching a ferry to one of our Hauraki Gulf islands.

I hope you enjoy your time with us, and if you get to report on our Fast5 Ferns recapturing the world title, all the better. Kia ora.

A handwritten signature in black ink, appearing to be 'Len Brown'. The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Honourable Len Brown
MAYOR OF AUCKLAND

Fast5 Welcome

The evolution of netball continues with the inaugural Fast5 Netball World Series and Vector Arena in Auckland will host this exciting new direction in our sport.

Netball's new initiative brings together the six top netballing nations including the Fast5 Ferns, Australian Fast5 Diamonds, England Fives, Jamaican Sunshine Girls, SPAR Proteas and Malawi Queens to showcase the fast and furious action that is Fast5 netball.

There will be a new feel for this international netball event with changes to the game itself, but we can expect to see world class performances from some of the best athletes on court. Add to that plenty of flair off court and a party atmosphere at Vector Arena to help celebrate this high-octane, high-speed variant of the traditional game.

I would like to acknowledge the International Netball Federation (INF) and chair Molly Rhone for awarding New Zealand the rights to host the event and we look forward to watching Fast5 flourish over the next three years.

Launching a new international event is exciting for Netball New Zealand and we are pleased to have support from Auckland Tourism, Events and Economic Development (ATEED) and New Zealand Government, as well as our sponsors Barfoot & Thompson, Yahoo!, KPMG and Classic Hits; and official suppliers Canterbury of New Zealand and Gilbert. Thank you all for joining us in this new netball venture.

This is a bold direction for the sport we love and we are fortunate to be working once again with SKY Sport who will be broadcasting all Fast5 games live, and along with radio broadcast partner, The Radio Network's Radio Sport, their experience and expertise will help deliver this exciting competition to many.

And finally, and perhaps mostly importantly, it is impossible to successfully stage a series like this without the help of volunteers - the backbone for many international sporting events and we thank them for the role they play.

We are excited about this new direction for the traditional game and hope you enjoy the Fast5 Netball World Series.

Auckland at a glance

New Zealand's largest city is an urban oasis – an exciting combination of vibrant city culture and stunning natural beauty.

Auckland is an immensely varied region full of diverse activities and attractions. A stunning natural landscape, beautiful beaches, outstanding food and wine, a rich culture, great shopping and plenty of adventure – Auckland has it all.

- About one third of New Zealand's population lives in Auckland – approximately 1.5 million people in the greater Auckland area.

- The city's sparkling waters, varied landscapes and cosmopolitan city life combine to make it one of the most desirable places in the world to live or visit. Auckland is rated third on the Mercer scale of global lifestyle cities.
- Auckland is the world's largest Polynesian city, with a rich mix of Maori, Pacific Island, Asian and other cultures – a true melting pot.
- Auckland's Hauraki Gulf is dotted with more than 50 islands.
- New Zealand's indigenous Maori people called this land 'Tamaki Makau Rau', a maiden desired by 100 lovers. It was a place fought over for its vast riches, including its forested hills, productive volcanic soils and harbours full of seafood.
- Auckland's landscape is dotted with 48 extinct and dormant volcanic cones that offer spectacular views across the city and harbour.

- The region enjoys a warm coastal climate without extremes of temperature and is one of the sunniest spots in the country.

media contact

Fast5 Netball World Series Media Manager

Alexandra Spence

P: (+64) 021 388 921

E: alexs@netballnz.co.nz

Please contact Alexandra for any media enquiries or information surrounding the Fast5 Netball World Series.

Media accreditation

Upon applying to attend the Fast5 Netball World Series you should have received your accreditation pass in the mail. This pass will allow you access to the media centre, media seats and the Mixed Zone. Please make sure you are wearing your accreditation pass around your neck at all times for security reasons.

If you lose your accreditation or have any problems, call Alexandra Spence (+64) 021 388 921

Photographers

Depending on demand, the amount of photographers courtside may be limited. Please sign up in the Media Centre upon arrival for all games you wish to shoot. You will also be assigned a photographer bib for the day, please hand them back and sign out at the end of each day / session.

Please adhere to all terms and conditions on page 14 & 15.

Media Facilities

You will be guided to the Media Centre upon arrival, please use Entrance B to Vector Arena.

The Media Centre will include Internet (wireless and some broadband cables), power, and easy access to statistics and results. It is advised that you also bring along an internet modem in case of an internet outage.

There will be seats in the stadium allocated for Media - They will also be set up with power and Internet. Please note that the set-up is different from a Silver Ferns international test match and media will have their own stand in the stadium, not a courtside bench.

A Mixed Zone will be set up after each match behind the court area in which the media can request players and management for interviews.

media terms & conditions

Media

1. All media accreditation passes are personal, unless otherwise stated, and are non-transferable.
2. Your media accreditation pass is the property of INF. INF has the right to suspend or revoke accreditation at any time.
3. All accredited media must clearly display their valid accreditation pass at all times while at Vector Arena.
4. Access is only permitted during the official Fast5 Netball World Series period.
5. Accredited media must stay within designated media areas - To be specified by Fast5 Netball World Series Media Manager.
6. Media must request Players and Coaches they would like to speak to within the "Mix Zone" with the Fast5 Netball World Series Media Manager 5 minutes before the end of each match.
7. All requests for teams whilst not at the venue must be directed through the allocated team Media Liaison.

8. All media interviews will be conducted in the designated "mixed zone" once the warm-ups are completed and approval granted by the Fast5 Netball World Series Media Manager.
9. Please inform the Fast5 Netball World Series Media Manager of power, internet requirements and telephone access prior to your arrival the Fast5 Netball World Series.
10. All media must remain behind SKY TV cameras at all times.
11. Media must remain in the designated areas during presentation ceremonies.
12. Media must comply with all reasonable requests from Event Staff at the stadium.

Photographers

1. All accredited photographers must wear a photographers vest on the outside of their clothing, as supplied by the Fast5 Netball World Series Media crew.
2. All photographers must sign in and sign out at the end of each day - handing back in their vest upon leaving.

3. Photographers must position themselves behind the court-side A-frame / Digital advertising signage for the duration of the match.
4. Photographers must not obstruct the view of any spectators
5. Photographers must stick to the designated "Photography Areas" as communicated to at the Media / Photography Briefing
6. Photographers must not approach the team bench or timing and scorers bench during the match.
7. Photographers cannot use flash or strobe lighting during matches.
8. Photographs taken during the event must not be provided to agencies, sponsors, and corporate businesses or similar without the prior consent of the Fast5 Netball World Series Media Manager.
9. Photographers must wear covered shoes at all times.

Special broadcast conditions:

Only SKY SPORT and RADIO SPORT are permitted to film or commentate on the Fast5 Netball World Series matches within Vector Arena.

News crews are permitted to film at the official post-match Mix Zones but are not permitted to film anywhere else in the stadium.

The use of all television or photographic cameras, and radio broadcast equipment must be approved by the Fast5 Netball World Series Media Manager before entering the venue.

vector arena

GETTING TO VECTOR ARENA

Vector Arena is located in Mahuhu Cres on the edge of Auckland's CBD. It is both accessible and highly visible from Beach Rd. and Quay St. and within easy reach of public transport, hotels, and restaurants.

For the most up-to-date information on road conditions and closures that might effect your trip to and from the Arena, please visit the NZ Transport Agency homepage, www.nzta.govt.nz

From Vectorarena.co.nz

PUBLIC TRANSPORT OPTIONS

BUS: Britomart Transport Centre is a short 10-15 minute walk from the Arena and is on all major bus routes - including the City Circuit Bus.

The Beach Rd stop on the Inner Link Bus Route is approximately 100m from the Arena. The Link Bus runs continuously 7-days a week. For up to date bus information visit www.maxx.co.nz

TRAIN: Britomart Station is handy for the venue; just a short 10-15 minute walk along Customs St East or Britomart Place and Beach Road. Stairs and an entrance at the

eastern end of the Britomart platform will bring you out onto a walkway that will take you to Britomart Place, which leads to Beach Rd. and Mahuhu Cres. Late rail services often run for our larger events, please check with www.maxx.co.nz/info/ events nearer the date.

FERRY: The Downtown ferry terminal is a 10-15 minute walk away. Visit Maxx Regional Transport (www.maxx.co.nz) for more information about getting there, including timetables, fares and maps.

PUBLIC PARKING: Vector Arena has no public parking, and we encourage the use of public transport! However, for those who choose to drive, there are 7000 carparks within a 1.2km distance of the Arena. The closest carpark buildings are as follows.

Arena Car Park

Dockside Lane, off Tapora Street about 5 minute's walk away.

Britomart Car Park

On the corner of Quay St. and Britomart Place, about 8 minutes walk.

Railway Car Park

Te Taou Crescent, off Beach Road, about 5 minutes walk.

Tangihua Street Car Park

Tangihua Street about 6 minutes walk.

the game

about the game

THE COURT

The game is played on a Netball court with an additional semicircle marked inside the Goal Circle with radius 3.5 m (11.5 feet) and centre at the mid-point of the Goal Line. The area inside this semi-circle is the Inner Circle; the area between this semi-circle and the edge of the Goal Circle is the Outer Circle.

THE TEAMS

- Each team may consist of up to ten players
- There are five playing positions in each team whose playing areas are the same as in Netball: Goal Shooter (GS), Goal Attack (GA), Centre (C), Goal Defence (GD), Goal Keeper (GK)

THE GAME

- The game consists of four quarters of six minutes each, with an interval of two minutes between the first-second and third-fourth quarters. The half time interval is four minutes. Teams shall change ends each quarter.

- Before the start of the game the Captains shall toss for choice of goal end and Power Play quarter. All other Centre Passes shall be taken by the team that did not score the last goal.

The team winning the coin toss shall:

- (i) choose goal end for the start of play;
- (ii) take the first Centre Pass in the first and third quarters;
- (iii) have first choice of a Power Play quarter.

The team losing the coin toss shall:

- (i) take the first Centre Pass in the second and fourth quarters;
 - (ii) choose a Power Play quarter not selected by the other team.
- Substitutions may be made at intervals or at any time during play and there is no limit to the number that can be made.

SCORING A GOAL

Each successful goal will score a number of goal points as specified below:

- (i) 3 goal points: the shot (known as a Super Shot) is deemed to have been made from outside the Goal Circle – this means the player who takes the shot shall not have any contact with the ground inside the Goal Circle during the catching of the ball or whilst holding it;
- (ii) 2 goal points: the shot is deemed to have been made from the Outer Circle – this means the player who takes the shot shall not have any contact with the ground inside the Inner Circle during the catching of the ball or whilst holding it;
- (iii) 1 goal point: the shot is deemed to have been made from the Inner Circle.

POWER PLAY

The Scorers will indicate when a team is using its Power. During a team's Power Play quarter all goal points scored are doubled.

EXTRA TIME

When scores are tied at the end of the fourth quarter:

- Play will stop and players remain in position on Court (no change of ends)
- The Captains will toss for the next Centre Pass;
- Play will recommence for a period of one minute. If at the end of this period, one team is leading, this team will be declared the winner;
- If the scores are tied at the end of this period, play will continue until one team scores a goal
- Power Play will not apply in Extra Time.

HAND SIGNALS FOR FAST5

All other signals remain the same as for Netball.

CONTACT

The same hand signal is used for **all Contact infringements**, namely a closed fist hit into an open (vertical hand).

ONE GOAL POINT

A **single arm** is raised vertically to indicate a successful shot from the Inner Circle (one goal point area).

TWO GOAL POINTS

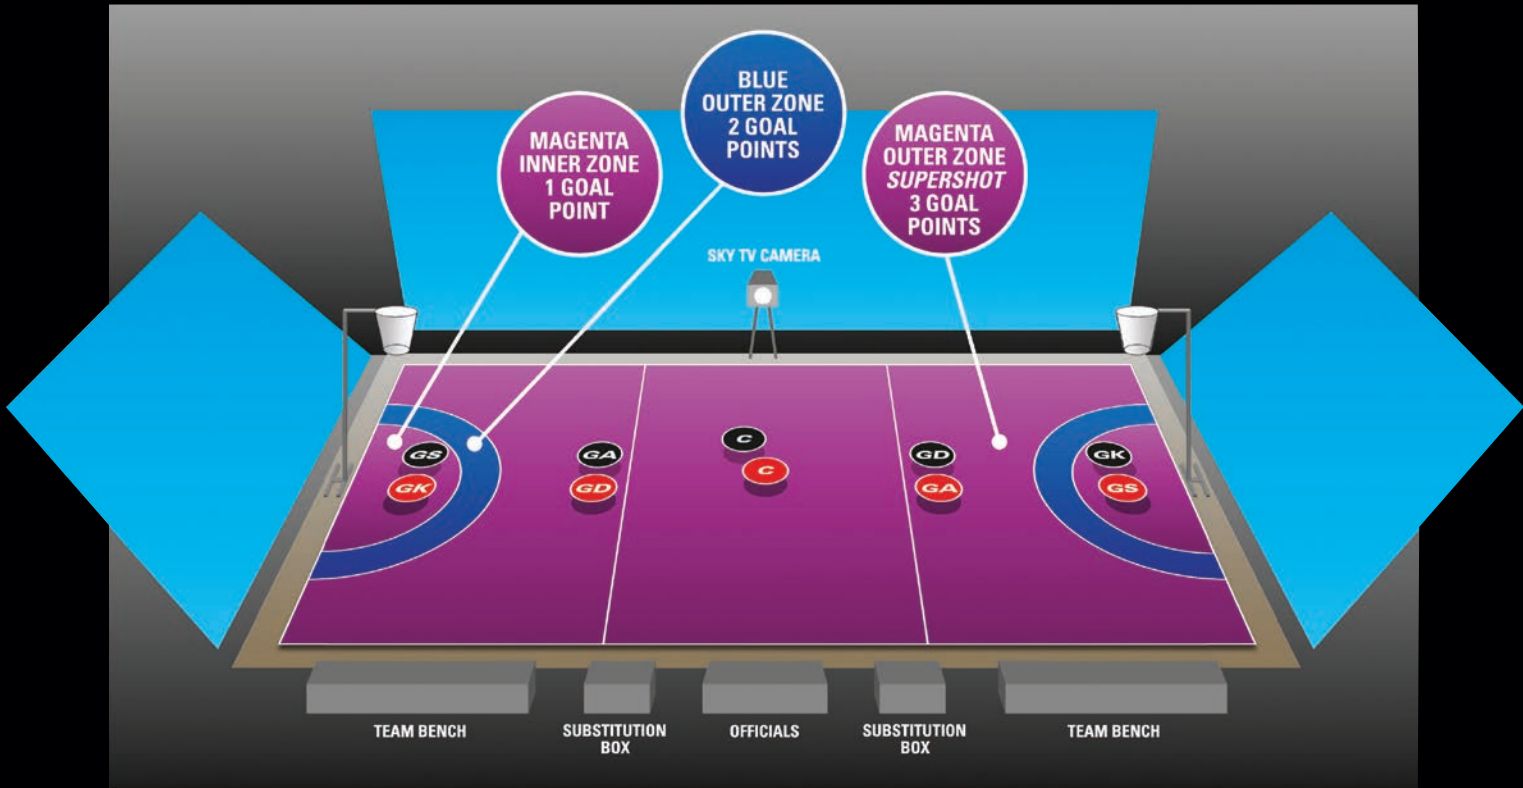

Both arms are raised vertically to indicate a successful shot from the Outer Circle (two goal point area).

THREE GOAL POINTS

Both arms are raised **crossed** above the head to indicate a successful shot from outside the Goal Circle (three goal point area).

from fastnet to fast5 - a history

A fast and furious version of netball was launched in England in 2009 when the World Netball Series introduced FastNet rules to the world.

Raising the sport's profile was the catalyst in bringing the world's top six netballing nations together to play under new rules including rolling substitutions, six-minute quarters, two-point shots from outside the circle and power play quarters.

International Federation of Netball Associations (IFNA) president Molly Rhone, said at the time, the new competition was a "fantastic opportunity" to showcase the sport. "It is a moment in history for us, as it is the first time the best teams from all around the globe will gather to compete in a new, faster format of netball."

Netball's biggest stars stepped on court in Manchester in 2009 for the first FastNet edition and it was New Zealand, despite mixed results in round-robin play, which lifted the spoils for the first time.

National coaches took an opportunity to blood new players when the tournament

headed to Liverpool the following year but it was again New Zealand which walked away with the series crown.

Hosts England finally broke the Kiwis hold on the FastNet competition when they beat the FastNet Ferns by seven goals to claim their first piece of international silverware in a number of years.

But it wasn't just the big guns who stepped into the spotlight with hopes that the gap between the top four netballing nations and the chasing pack would close, were realised to a point. Malawi produced the biggest upset in the series when they drew with Australia in 2010.

The evolution of the shortened version of the tradition game continues with IFNA announcing this year that FastNet will now become Fast5 with New Zealand hosting the new-look World Netball Series.

The success of the FastNet tournament – proving a hit with both players and spectators, including an international television audience – prompted more changes to give fans an even greater spectacle.

Changes include on-court team numbers reduced from seven to five players and three goal scoring zones, while New Zealand will host the series for the next three years including from November 9-11, 2012.
